### Plan View

Dimension	8 FT	12 FT
A	96 3/8 (2448)	144 1/2 (3670)

**Notes:**  
 Case-to-case electrical connections are made in front of splashguard.  
 Overall case length without ends or partitions.

### Extended Depth for Bulk Applications

The B3XC is 4-inch deeper (front to back) than our standard Excel multi-deck fixtures. This allows higher volume display of deli items, grab and go foods, cheese, packaged produce and more. The case is a medium height (59-7/8" tall) for easy shopping in high volume departments. Interior merchandising space is 34-1/8" deep (front to back at lower deck) by 37-1/8" tall. Available with or without glass front.

### Superior Shelf Life

Modular coils and off-time defrost work to reduce thermal shock and stabilize product temperatures, resulting in better freshness.

### Lower Labor Costs

Labor saving features include greater clearance under the case, easy-to-clean bathtub bottom with no coil in the bottom of the case, easier raceway access, 2-ft honeycomb sections and more.

### Superior Reliability

Our 5 year modular coil warranty is the best available. Pre-set adjustable expansion valves are designed to hold optimal temperatures.
