# D5XRRI, D5XRRIS

Excel Rear Roll-In Dairy Merchandisers

# Husmann Excel Rear Roll-In Merchandisers for Dairy Applications

## D5XRRI - Rear Roll-In

## D5XRRIS - Rear Roll-In with Suspended Canopy

Available in 8' and 12' lengths. Contact your sales rep for information on possible availability of additional case lengths.

### D5XRRI

### D5XRRIS

Rear of case with curtains.

### Plan View

Dimensions	8 FT	12 FT
A	96 3/8 (2448)	144 1/2 (3670)

#### Notes:

Each end and insulated partition adds 1 1/2" (38mm) to the length of the lineup.

Overall case length without ends or partitions. Contact your sales representative for information on possible availability of additional case lengths.

### Note

Use Husmann's technical data sheets to get precise dimensions for all store layout purposes.

### Convenient Stocking

The D5XRRI and D5XRRIS provide unique benefits of being stocked from the rear using roll-in milk racks. The cases are attached to a walk-in cooler, so the milk doesn't leave its refrigerated environment during stocking. Curtains are used behind the milk to reduce air currents and shield the walk-in storage from view.

### Lower Labor Costs

Rear roll-in loading reduces stocking time and frees employees for other tasks.

### Framed and Suspended Models

The D5XRRI has the coil and fan mounted in the top section, which is supported with an open frame. In the D5XRRIS, the top section is suspended from above, so frame supports are not needed.

**DOE 2017 Energy Efficiency Compliant** Husmann refrigerated merchandisers configured for sale for use in the United States meet or surpass the requirements of the DOE 2017 energy efficiency standards.

### Integrated Night Curtains

Integrated night curtains are optionally available to help reduce energy costs.

NOTE: These merchandisers are designed for use in stores when temperature and humidity do not exceed 75°F and 55% R.H.

NOTE: We reserve the right to change or revise specifications and product design in connection with any feature of our products. Such changes do not entitle the buyer to corresponding changes, improvements, additions, or replacements for equipment previously sold or shipped.
