Plan View

Note: Overall case length without ends or partitions. Contact your sales representative for information on possible availability of additional case lengths.

Note

Use Hussmann's technical data sheets to get precise dimensions for all store layout purposes.

HUSSMANN®

Features / Benefits

- Increased depth for high volume bulk applications
- Ideal for any medium temperature, high volume deli, dairy or beverage products
- Merchandiser rejects heat through a continuous flow water-loop system at store level
- Water-loop system operates between 50° and 115°F inlet temperature
- Environmentally-friendly R290 hydrocarbon refrigerant that has zero ozone depletion potential and 3 GWP (Global Warming Potential)
- UL/ETL, NSF Type II and DOE certified
- Unibody construction improves integrity, facilitates moving, joining, and setting cases

- Energy and Sustainability Benefits

- EcoShine II LED lights standard
 - Up to 71% more efficient than fluorescents
 - Customized for optimal product lighting
 - Standard LED lights reduce relamping and other maintenance costs
- More stable and uniform product temperatures to maintain freshness and shorter defrost cycles protect food integrity

- Superior Merchandising and Flexibility

- High pack-out in limited footprint allowing more product in the same space
- All electrical parts/connections in display area can be sprayed with water, rated IP67
- New anti-clog drain strainer
- Coil and plenum in back wall for easy-to-clean case bottom
- Seamless plastic "bathtub" bottom helps prevent leaks
- Wiring raceway in canopy for easy access

Standard Features

- Color Interior/Exterior: Black, Grey, White

- Exterior Sign Panel: None - Shelves: 5

- LED Lighting: Canopy, Shelves

- Power Cord: 20A/208V or 30A/208V, NEMA L21-20P, L21-30P

- Hardwired: No

- Insulation: Rigid polyurethane

Optional Accessories

- Heavy-duty options for shelves, deck pan, bumpers, and interior panels
- Additional display shelves available Max of 8 per door
- Bumper Front only or wrap-around styles
- Automated night curtain
- Silk-screen for solid end panels: Black, white or silver on dual pane glass
- Price tag molding, product stops and drain extension options

Hussmann refrigerated merchandisers configured for sale for use in the United States meet or surpass the requirements of the DOE 2017 energy efficiency standards.

NOTE: These merchandisers are designed for use in stores when temperature and humidity do not exceed 75°F (23.9°C) and 55% R.H.

NOTE: We reserve the right to change or revise specifications and product design in connection with any feature of our products. Such changes do not entitle the buyer to corresponding changes, improvements, additions, or replacements for equipment previously sold or shipped.
